

INDIA'S Leading Manufacturer & Supplier Expertise in EXPORT

MAHAVEER GROUP
Since 1975

Mahaveer Group established in 1975 as a trader of Paper & Plastic Disposable product making Machines, Raw Material, and Paper & Plastic Disposable Products.

We are Manufacturing & supplying the Machineries in the industry since 2013 & **having more than 1000+ machines installations** with running production in the market.

Our BRANDS in Market

Products:

Plastic Disposables and
Packaging Articles

Products:

Paper Disposables and
Material and Tableware

Products:

Paper Disposable Making
Machines, Flexo Printing
Machines, Die Cutting
Machines, PE Coating
Machines, etc.

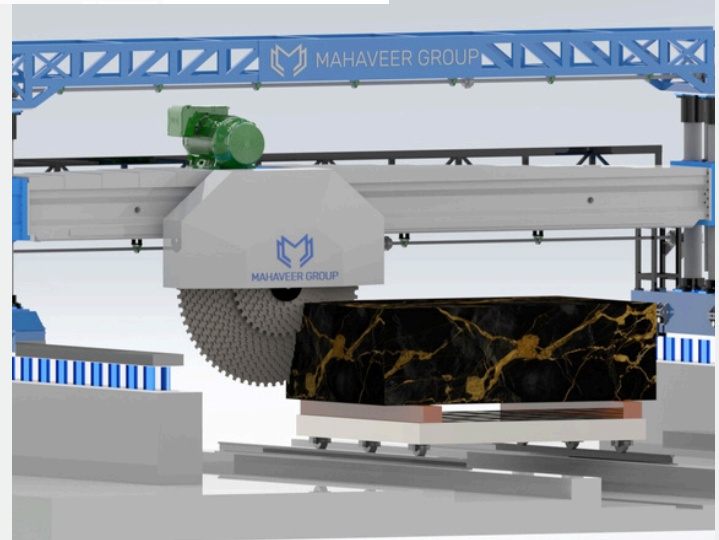

We are deliberately focusing on R&D to make products that can maximize profits for our customers. In the same context, we are expanding our infrastructure and building teams of professionals.

Our Machinery Solutions for Stone Industry

Line Polishing Machines

Stone Cutters Multi / BLOCK

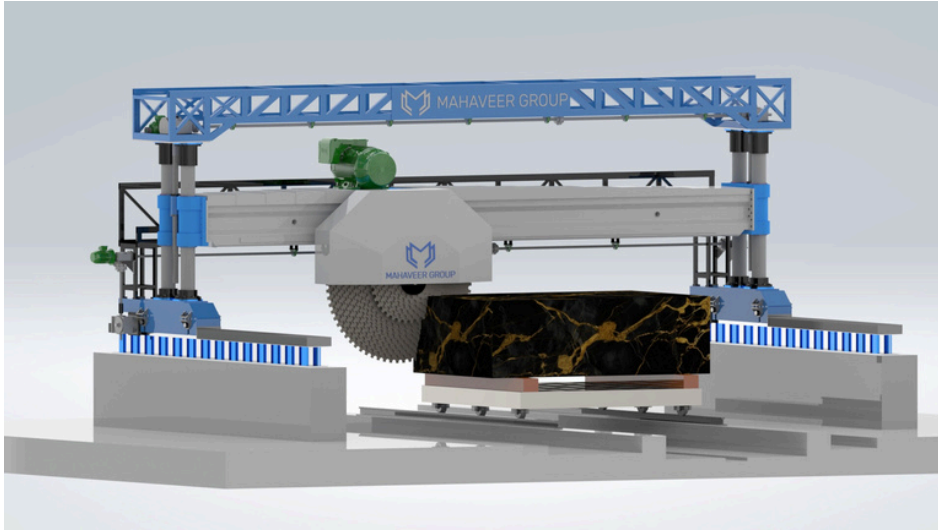

EOT & GANTRY Cranes

MULTI CUTTERS

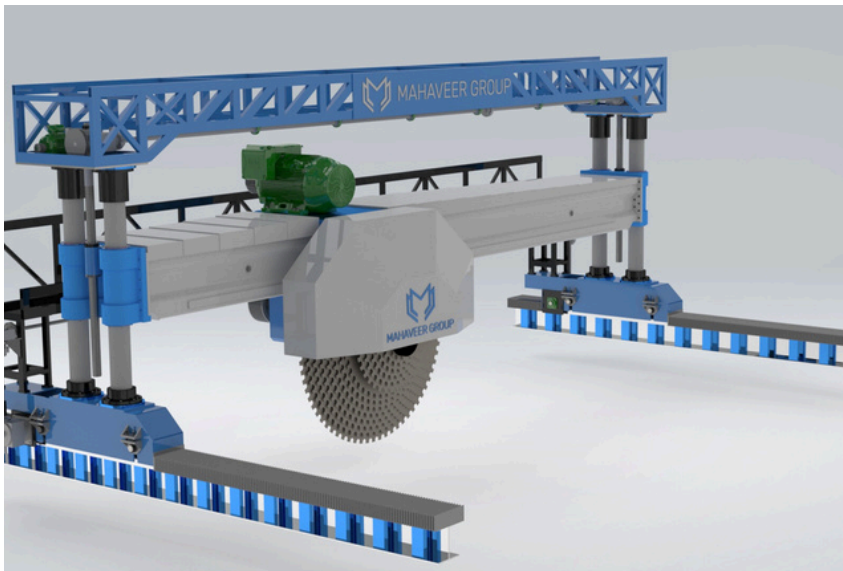

MDPL-STC SERIES (9 & 14 Blades)

Applicable
for **Cutting
the Blocks
of granite &
Marbles
slabs**

Our MDPL-STC is for multi
blade block saw for cutting
stone blocks into slabs of
varying thickness.

from 9 nos. & 14 nos blades

- Time Saving in Up – Down Screw Type
- Accurate slab thickness by Encoder
- Robust structure with reinforced concrete for stable cutting.
- Less Energy consumption
- Roller LM Bearing for smooth motion.

Our Multi Cutter MDPL-STC Series Technical Parameters

MAHAVEER Multi Cutter Side Entry - 9 & 14 Blades

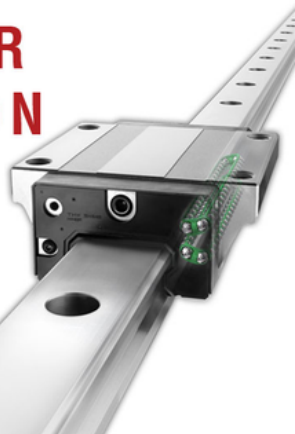

TECHNICAL PARAMETER	9 Blades Multi Cutter	14 Blades Multi Cutter
NO OF BLADES	9	14
MAX BLADE DIAMETER	2500MM	2500MM
UP-DOWN Movement	SCREW TYPE	SCREW TYPE
Manual Trolley	2 No	2 No
MAIN MOTOR POWER	75 HP 1400 RPM	120 HP 1400 RPM
Long Travel MOTOR	3 HP	3 HP
BEAM LENGTH	8500 MM	9000 MM
OVERALL DIMENSION	8500X5000X7000 MM	9000X5000X7000 MM
MAX CUTTING SIZE	3000x2000x900 MM	3500x2000x900 MM
DIMENSIONS OF TROLLEY	9 ft x 6 ft	10 ft x 6 ft
Water consumption	5m ³ /h	7m ³ /h
Water Direction	Left / Right	Left / Right
Total Power Consumption	65 KW approx	100 KW approx
Core Components	Bearing, cylinders, motors, gearboxes, electrical equipment, Other	
BOX Movement MOTOR (X Axis)	5 HP 1440 RPM	7.5 HP 1440 RPM

Our Multi Cutter Highlights

- PLC control system and friendly human machine interface via LCD to achieve computerized control.
- Precise movement of cutting head in horizontal direction by precision rack & gear

LINEAR MOTION GUIDE

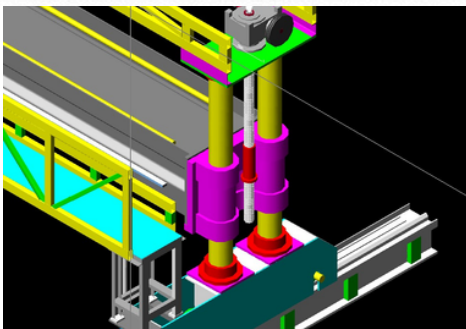

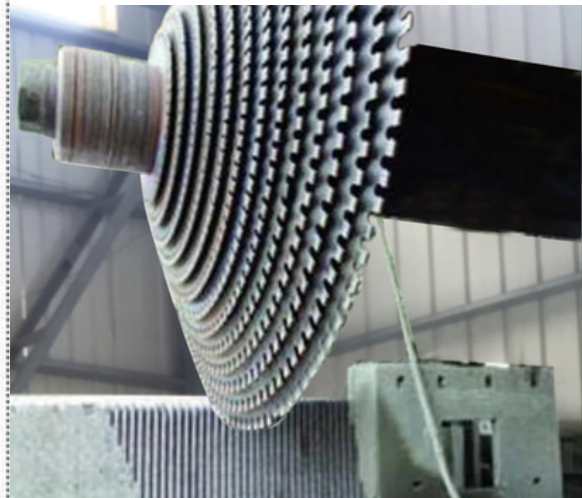

Achieves a high load-carrying capacity and high running accuracy by converting "sliding" to "rolling"

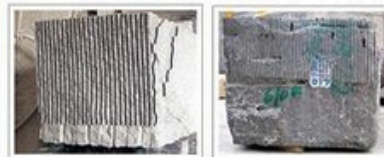

2. Using domestic first-line brand of high efficiency and energy saving type of main motor, cutting more powerful, more provinces with electricity, save the latter cost for customers.

3. Using Germany Siemens inverter, feeding more stable; and electrical components are used imported or domestic first-line brands, lower failure rate, allowing you to use more save worry and save labor.

We are giving UP-DOWN movement on big diameter screw system. Both side of beam with reduction gearbox & motor for high accuracy & less maintenance

6. Processed products
